Pentwater House of Flavors has been a part of this village for over 35 years. Independently owned by the Tabor family since 2009. Our children, Kelly and Kaitlyn worked here when they were teenagers and Kaitlyn now helps run the shop. We have lived in this area for over 30 years and our first ice cream in Pentwater was here. We sat at the round table in the corner with our new Pentwater friends. I remember thinking how cute this place was (and now we own it!). We thank God for all the staff and customers we have gotten to know. We love this place and this town and truly hope you enjoy it also! Thank you for visiting Pentwater HoF.
